## SUMMARY

Motivated Frontend Developer with a strong foundation in creating responsive, user-centric websites. Experienced in transforming business requirements into professional digital experiences, as demonstrated by the LinguaPro Translations corporate platform. Passionate about clean code, interactive UI logic, and modern CSS frameworks.

## WORK EXPERIENCE & PROJECTS

Frontend Developer | LinguaPro Translations Islamabad, Pakistan Sep 2024 - Oct 2024

- Developed and launched a professional corporate website for a translation agency to enhance their digital presence.
- Engineered a mobile-first, responsive UI using **HTML** and **CSS** to ensure a seamless experience across all devices.

Lead Developer | Web Application Suite Personal Projects 2023 - Present

- Music Player:** Architected a custom audio player with interactive playback controls and playlist management using **JavaScript DOM manipulation**.
- Hangman Game:** Implemented **complex game-state logic** and **user input validation**, improving my understanding of conditional algorithms.
- Web Utilities (Calculator/Calendar):** Engineered **dynamic UI components** that handle **mathematical calculations** and **date-based events**.
